Arizona Supreme Court Ruling in League of Cities and Towns vs. Martin/Napolitano

Phoenix – “This morning’s Arizona Supreme Court decision regarding the special action by the League of Cities and Towns appears to be the latest example of unsound and improper budget management decisions that have contributed significantly to state budget impacts being felt throughout Arizona. Contrary to the previous Administration’s legal argument against the Cities and Towns, I believe the Court’s decision is correct.

I will continue to work closely with the legislative leadership to review its options regarding this revenue in accordance with the Court’s decision.”
